BUILT FOR RIGOROUS MOBILE USER
ENVIRONMENTS** with a
combination of reinforced
composite material and
in-mold laminate

SHARE DATA EASILY AND QUICKLY
Integrated SD media reader

HP Compaq nx6330 Notebook PC.

DESIGNED WITH 360-DEGREE PROTECTION.

From sturdiness to security to stretching productivity, HP ensures you enjoy more peace of mind wherever you go

PHYSICAL PROTECTION

HP PANEL PROTECTION

The HP Panel Protection System helps prevent scratches and scuffs that may occur on the panel when the notebook is packed too tightly in a carrying case

SPILL-RESISTANT KEYBOARD
Mylar film reduces risk of liquid damage

HP MOBILE DATA PROTECTION

Protects the hard drive from jolts and vibration

DATA PROTECTION

HP PROTECTTOOLS SOLUTION

Extensible, easy-to-use software, firmware and security devices

HP ENHANCED DRIVELOCK TECHNOLOGY

Prevents hard drive data theft even if it's removed

INVESTMENT PROTECTION

COMMONALITY OF ACCESSORIES Easily share most accessories across the HP notebook range

Get the most out of your HP Compaq nx6330 Notebook PC with these accessories!

DOCKING STATIONS

HP Docking Station

Part Number: EN488AA

- Desk convenience with full port replication capability in a space-saving design (AC adapter included).
- Easy docking system provides port replication and cable management in one product. 4 USB 2.0 ports, DVI and S-Video, Gigabit Ethernet and legacy ports.
- Optional integrated HP/Kensington Cable Lock allows you to secure your docking station and computer with one lock.

HP Advanced Docking Station

Part Number: EN489AA

- Robust desktop replacement solution for your mobile office with advanced features like 6 USB ports, integrated MultiBay II and ExpressCard slot. (AC adapter included)
- Easy docking system provides port replication and cable management in one product. 6 USB 2.0 ports, DVI and S-Video, Gigabit Ethernet and legacy ports.
- Optional integrated HP/Kensington Cable Lock allows you to secure your docking station, notebook and integrated MultiBay II with one lock.

MONITOR STANDS

HP Adjustable Notebook Stand

Part Number: PA508A

- Easy adjustability with one hand.
- Adaptable design lets you connect either the HP Docking Station or the HP Advanced Docking Station.
- Unique design raises your computer screen to an adjustable comfortable eye level.
- Simple cable management channels on the back of the stand unclutter your desktop when connecting multiple devices.

HP Monitor Stand

Part Number: PA507A

- Compact design with support for up to 21 inch monitor (up to 45.5 kg).
- Convenient power button and light, AC power light, dock light and MultiBay II light (Advanced Docking Station only) on the stand replaces controls on the docking station.
- Open-sided design allows easy access to frequently used bays, slots and ports on the docking station.

POWER & SECURITY

HP Extended Life Battery (8-cell)

Part Number: PB993A

- Double or triple total battery life using either the 8-cell or 12-cell battery respectively.
- Ideal for mobile users who are constantly on the road.
- Supports computer docking with the 8-cell battery attached.

HP Ultra Capacity Battery (12-cell)

Part Number: EJ092AA

HP External MultiBay II

Part Number: PA509A

- Compact optical drive or hard drive storage solution.
- Perfect companion device for ultraportable notebook and tablet PC users.
- Supports horizontal or vertical orientation.

HP/Kensington Cable Lock

Part Number: PC766A

- Can be used as a regular cable lock or as part of the docking station.
- Helps secure your docking station, computer and integrated MultiBay II drive when used with the HP Advanced Docking Station.

HP Compaq nx6330 Notebook PC

HP recommends Windows® XP Professional

Processor ¹	Intel® Core™2 Duo Processor 667-MHz FSB, 2-MB L2 cache-T7600* (2.33-GHz), T7400* (2.16GHz), T7200* (2.0-GHz), T5600* (1.83-GHz), T5500E* (1.66-GHz) *Intel's numbering is not a measurement of higher performance. Intel's processor numbering is not a direct measurement of performance	
Operating system	Preinstalled Genuine Windows® XP Professional Edition Genuine Windows® XP Home Edition	Supported Genuine Windows 2000 (drivers downloadable from http://www.hp.com)
	Windows Vista Capable—Not all Windows Vista features are available for use on all Windows Vista Capable PCs. All Windows Vista Capable PCs will run the core experiences of Windows Vista, such as innovations in organizing and finding information, security, and reliability. Some features available in premium editions of Windows Vista—like the new Windows Aero™ user interface—require advanced or additional hardware. Vista Premium Ready applies to systems that have a minimum of 1 GB of RAM. For systems with a discrete graphics solution, memory can be implemented in any way. Vista Premium Ready is a sign that you can expect a higher performance from a Vista Operating system load.

¹ Dual Core is a new technology designed to improve performance of certain software products. Check with software provider to determine suitability;

Not all customers or software applications will necessarily benefit from use of this technology.

² Dual Channel is only supported when the system is configured with DDR2 symmetric memory (i.e. 2 x 256).

³ Above 3-GB, all memory may not be available due to system resource requirements.

⁴ For hard drives, GB = 1 billion bytes. Actual available capacity is less. Up to 8 GB of memory is reserved for system recovery software.

⁵ LightScribe creates a grayscale image similar to black and white photography. LightScribe media required and sold separately.

⁶ Double layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players.

⁷ Note that DVD-RAM cannot read or write to 2.6 GB Single Sided/5.2 GB Double Sided—Version 1.0 media.

⁸ Wireless access point required and is not included. Availability of public wireless access points limited. Wireless Internet use requires separately purchased Internet service contract.

⁹ The term "10/100/1000" or "Gigabit" Ethernet indicates compliance with IEEE standard 802.3ab for Gigabit Ethernet, and does not connote actual operating speed of 1 Gb/sec.

¹⁰ For high speed transmission, connection to a Gigabit Ethernet server and network infrastructure is required.

¹¹ Memory Stick Duo Adapters are required and sold separately. Inserting a Memory Stick Duo Cards directly into your notebook can damage the memory card and/or notebook

¹² Sold separately or purchased as an optional feature.

¹³ The new HP Smart A/C Adapters will not be backwards compatible to prior generation notebooks. However, a dongle will be available to support existing notebooks in the field.

Older HP adapters will not be forward compatible to the 2006 HP Business Notebooks.

¹⁴ Fast Charge Technology recharges your battery up to 90% within 90 minutes when the system is off.

Fast Charge Technology does not apply to 9-cell primary and 12-cell Ultra Capacity batteries.
